

“Gear up for the Future”

Strategic Planning for St. Matthew School

Saint Matthew School (SMS) opened its doors in 1954. Since that time, our parish has been blessed with a wonderful educational asset that continues to be staffed by talented and dedicated people.

These are volatile times – technology, occupations, academic preparation and the global economy are rapidly and quickly changing. We need your input to develop a three-year strategic plan to meet the challenging needs of the community and position our school for the future. The strategic plan will consist of goals and objectives related to areas of *Enrollment, Finance, Governance, Staffing and Curriculum, Marketing and Development, School in the Community, Catholic Identity and Buildings & Grounds.*

Please consider participating in a Focus Group to generate ideas in one of the above areas. You do not need to have children who attend or graduated from St. Matthew School to participate. All are welcome to come and give voice to the future!
